# Why Choose a Catholic School?

As parents, you want the best for your children. It is because you wish them success in all of life's challenges that Catholic schools are the right choice.

Catholic schools provide an educational program based on religious beliefs and values, enabling your children to grow in their understanding of themselves, their relationship with God and their relationship with others.

Catholic schools promote the education of young people to their full potential; their teachers respect and encourage real learning experiences. Your children acquire knowledge and develop the skills necessary for success in higher educational pursuits and a wide range of careers.

Catholic schools offer a community environment in which your children can discuss and live out the values upon which their education is based. They are encouraged to contribute to society and to assume leadership roles in shaping public attitudes and programs.
