

## THE MOUNT CARMEL Early Childhood Center

# KINDERGARTEN AT MOUNT CARMEL

Building on the success of our preschool program, The Mount Carmel Early Childhood Center will be adding a Kindergarten program for children born in 2016 beginning in September 2021! We will continue to add a grade each year through grade 8, creating the Mount Carmel Catholic Academy! Our ongoing school will be rooted in the Catholic tradition with an emphasis on living the faith through service and caring for others.

### The Kindergarten at Mount Carmel will provide:

- A nurturing and supportive environment where children can learn and grow at a pace unique to the individual.
- A rigorous, stimulating and engaging curriculum, meeting New York State Standards.
- A project-based approach, where academic concepts will be explored balancing both traditional learning experiences and age appropriate hands-on activities.
- A separate "active learning" classroom to allow children to physically engage in STEAM (Science Technology Engineering Art Mathematics) related lessons.
- Two full time experienced teachers who will engage children in both large and small group instruction and facilitate open ended activities.
- An independent, private school education at a fraction of the cost of other independent schools in the city.
- Recently renovated classrooms outfitted with high quality children's furniture and materials
- Two outdoor spaces adjacent to the school, including a garden area, and a large, air conditioned indoor gymnasium for gross motor activities and a full size stage for performances.
