Fall 2023

Dear prospective parents and students,

Thank you for considering a Catholic High School.

Our Catholic High Schools continue to offer a first-rate education to people of many faiths and traditions. They are rooted in the faith, hope and love of our Catholic tradition. To fully explain this,

- I could speak, at great length, about the robust curriculum, STEM opportunities, Advance Placement, and other College level courses - not to mention our excellent College placement results
- How about the thousands and thousands of successful folks who have graduated from our schools and made a difference in every walk of life?
- It would be easy to invite you to look at the athletic opportunities in which our young women and men compete throughout the year.
- I have not begun to mention the opportunities our students have in music, theater, speech and debate, and almost limitless clubs.
- And of course, I could brag about the hundreds of millions of dollars our seniors generate in college scholarships each year?

But as important as all those things are, the excellence of our schools is held together by our Catholic faith: Sacraments, Scripture, Tradition, and good works. This is the heart and soul of our school communities. Our schools are places of invitation and support for all who enter our doors.

My new friends – I know how stressful this decision is, however, the good news is you cannot make a wrong decision. I promise you, when you attend any of the High Schools in our Brooklyn Diocese, it will make a positive difference that will echo throughout your life, and even change the world!

Please take your time, do your homework, and fill out the application.

May the Lord grant you the eyes to see, the ears to hear, and the heart to believe in the Grace that abounds

Be assured that all our eighth graders and their families are in my prayers.

Sincerely,

Dcn Kevin McCormack
